++ Valid for broadcast between 1800 and 0600

Headline:
Showers fading this evening to leave a clear, chilly night.

This Evening and Tonight:
Limited early evening brightness between occasional showers, these largely dying out from late evening. Largely dry and clear overnight, this combining with light winds to allow a frost to develop for some. Minimum temperature -1 deg C (30 deg F).

Friday:
Cold but generally dry start with occasional bright and sunny spells. Scattered showers will develop from late morning, with some heavier ones expected through the afternoon. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Fair start to Saturday, then strengthening winds and periods of rain spreading from southwest, reaching all by days end. Thereafter showers or longer periods of rain, heavy at times.
